Jerry Zeitz

Introduction

Why we are here:

We are here to help improve security in Alaska's airports!

Alaska System Security Plan

 Category III Airports

Introduction

Why we are here:

- Gather airport security information
- Learn about your security challenges
- Develop a strategy for the future

How You Can Help

Ask Questions!

We are here to talk with each of you and listen to you!

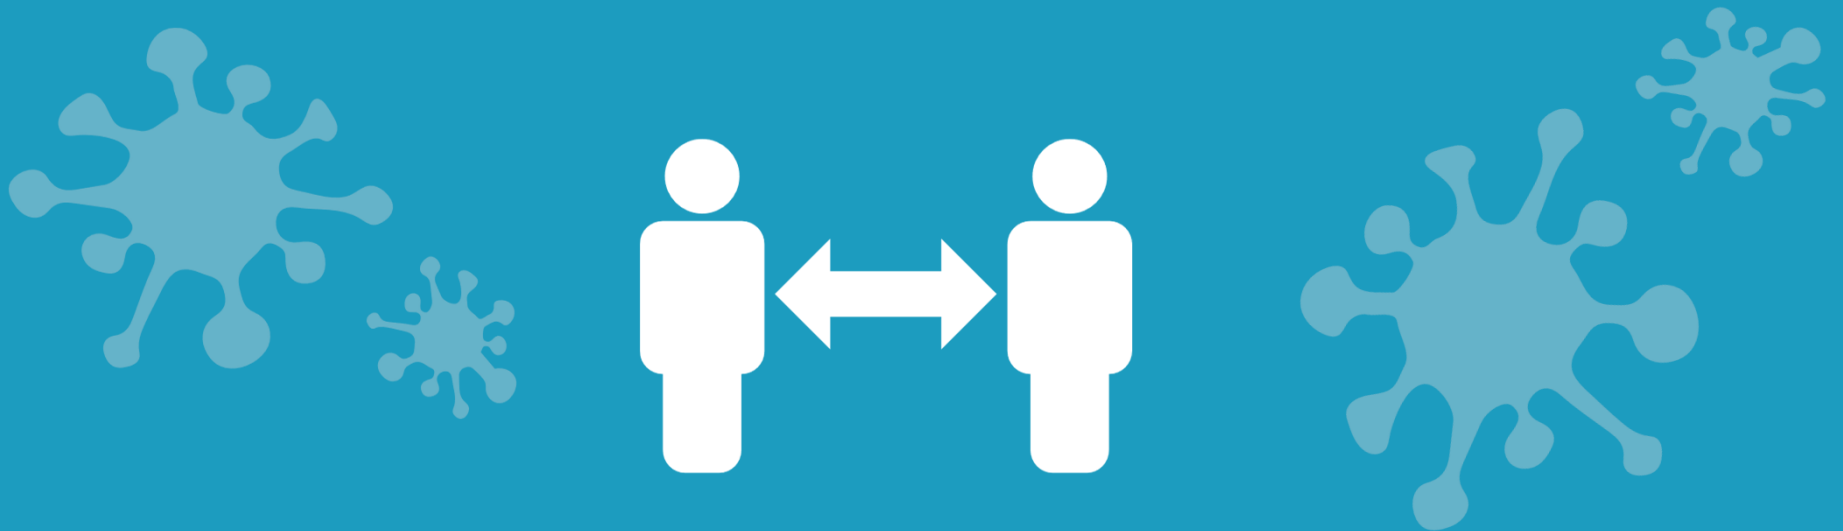

We will document each restricted area access point

Answer questions about airport security

Health and Safety

Your health and safety are our utmost concern.
While on site, we will comply with current state
and local requirements regarding COVID-19.

How to improve airport security in Alaska

Security Survey

| | True | False |
|---|-----------------------|-----------------------|
| I know that security problems I report will be taken seriously by my superiors. | <input type="radio"/> | <input type="radio"/> |
| I feel comfortable reporting potential security problems even if I'm unsure about the severity or reality of the problem. | <input type="radio"/> | <input type="radio"/> |
| I know how to formally report a security incident following standard procedure. | <input type="radio"/> | <input type="radio"/> |
| I feel empowered to take action against security threats. | <input type="radio"/> | <input type="radio"/> |

Q&A

- How many of you have experienced a security issue at the airport?
- Do you have weather related problems with airport security? Doors, gates, etc.?
- Do you have questions or concerns about airport security?
- Are there any issues with airport badging?
